

Internet Resources:

Below is a list of web sites* to reference in your search for the appropriate Internet Service Provider (ISP).

Dial-Up/DSL/Cable/ISDN

<http://michigan.findanisp.com/>

http://www.cableyellowpages.com/us_cable_systems_state_michigan.htm/

<http://www.merit.edu/>

http://www.business.att.com/default/index.jsp?pageid=gov_index&branchid=gov

<http://www.qwest.com/>

<http://www.comcast.com/>

<http://www.chartercom.com/>

<http://www.mdm.net/>

To get more information on Internet connectivity and to locate ISPs in your area, go to <http://www.michigan.findanisp.com/>. This site will help you identify the connections available in your area. The site will also provide you with information on pricing.

*The ISPs listed are being supplied as a resource for referencing. The State of Michigan or the Michigan State Police do not endorse the dial-up and broadband providers. The local agency ultimately determines the alternative solution for connectivity. Costs, hardware/software requirements, etc. will vary with each provider and are beyond the control of the State of Michigan or Michigan State Police.
